I. PURPOSE:

The purpose of this amendment 01 to AAPD 07-01 is to inform USAID's acquisition and assistance workforce and its contractor and recipient community working in HIV/AIDS programs that the approvals for USAID-approved ARVs as set forth under the AAPD are extended. Accordingly, funding for the procurement of USAID-approved ARVs must be obligated by December 31, 2013 (See the updated Guidance Section below: Para E).

This amendment makes no other changes to the policy or procedures set forth under the AAPD.

II. BACKGROUND:

USAID-Approved ARVs. On April 29, 2005, then-Administrator Natsios approved a "Blanket ARV Waiver" of source, origin, and nationality requirements for the procurement of ARVs of innovator companies manufactured in specific non-U.S. sites. (An innovator company is the brand-name company that has U.S. patent protection for an ARV. This patent protection gives the company the sole right to sell the drug for a certain period of time in the United States.)

The Action Memorandum approved by Administrator Natsios provided in AAPD 07-01 contains the procedure for AA/GH approval of additional ARVs. AA/GH has delegated that approval authority to GH/OHA.

On February 14, 2008, USAID Administrator Henrietta H. Fore approved the Action Memo "Expedited Acquisition and Assistance Procedures for USAID's Activities and Programs Related to the Prevention, Care, and Treatment of Treatment of HIV/AIDS (the "HIV/AIDS Expedited Procedures"). The Action Memo extends approvals for the waiver of source, origin, and nationality requirements and for specific categories of restricted commodities under HIV/AIDS activities. In addition, the Action Memo extends the source, origin, and nationality waiver for the USAID-approved ARVs so that the expiration date is commensurate with the rest of the Expedited Procedures package approvals. The expiration date of the approval authorities in the "HIV/AIDS Expedited Procedures" Action Memo is December, 31, 2013. A copy of the Action Memo is attached.

III. GUIDANCE:

1. Paragraph E of the AAPD is revised to read as follows:

E. Expiration of Authority for USAID-Approved ARVs. Funding for the procurement of USAID-approved ARVs on the List must be obligated prior to December 31, 2013, the expiration date of the "HIV/AIDS Expedited Procedures". There is no expiration date for the procurement of FDA-approved ARVs.

2. This amendment makes no other changes to the policy or procedures set forth under the AAPD.
